RG104 E-1 Box 122 Aug-Dec 1880

Treasury Department,

OFFICE OF THE DIRECTOR OF THE MINT,

Washington, D. C., Oct. 20, 1880

Sir:

I have to request that you will cause the following apparatus to be procured and shipped to this Office and accounts for the same transmitted. Charging apparatus for the humid assay - large vase for normal solution pipette and all necessary fixtures ready to be set up. Two bottles and pipettes for decimal solutions. Two port flagons. Two dozen glass stoppered bottles (numbered) for humid assay.

We shall also require an agitator to be operated by a hand crank. As the amount of money remaining

RG104 E-1 Box 122 Aug-Dec 1880

from the appropriation for a laboratory is not large, I will be very glad if you could have one manufactured in your machine shop at a less expense and probably in a better manner than could be done elsewhere. If this is not feasible, please ascertain what one will cost and inform me. The re-fitting of the rooms that have been assigned to my Office, for a laboratory is about completed, and I am desirous that assaying may be commenced here at as early a day as possible.

Very respectfully

Horatio C. Burchard

Director

A. Loudon Snowden Esq.
Supt. Mint Mf.
Philada.
